

Timberline[®]HDZ[®]

High Definition[®] Lifetime[†] Shingles

Colour shown: Pewter Gray

Millions of families have found shelter and peace of mind under a Timberline[®] roof.

And now, a good thing just got even better — again.

We protect what matters most[™]

It's never just a roof. It's a promise, kept.

Providing a home means making a promise — of shelter, security, and stability. It says to the people who count on you, "You're going to be safe, dry, and warm under this roof."

Choosing a Timberline HDZ® roof is a great way to help keep that promise.

It's our first shingle ever to come with patented LayerLock® Technology. That means it's engineered for the best possible installation.

It's a shingle that helps your roofer do their best work

LayerLock® Technology strengthens the bond between layers of your Timberline HDZ® shingles to help your roofer give you the best possible installation and to help you rest easy when the wind is howling outside.

Here's how it works:

The strength added by LayerLock® Technology helps GAF create the StrikeZone® nailing area — the industry's widest nail zone — which offered 99.9% nailing accuracy in our test.¹

LayerLock® Technology also powers the industry's first wind warranty with no maximum wind speed limitation. Timberline HDZ® shingles are eligible for the WindProven™ Limited Wind Warranty when installed with the required combination of four qualifying GAF accessories.²

¹ Results based on study conducted by Home Innovation Research Labs, an independent research lab, comparing installation of Timberline HD® shingles to Timberline HDZ® shingles on a 16-square roof deck using standard 4-nail nailing pattern under controlled laboratory conditions. Actual results may vary.

² 15-year WindProven™ Limited Wind Warranty on GAF shingles with LayerLock® Technology requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See GAF Roofing System Limited Warranty for complete coverage and restrictions. Visit gaf.ca/LRS for qualifying GAF products. For installations not eligible for the GAF WindProven™ Limited Wind Warranty, see the GAF Shingle & Accessory Limited Warranty.

It's a system, built to protect

A Timberline HDZ® roof is so much more than shingles. It's layers of protection, working together to help keep your home safe from rain, snow, sun, and wind.

In fact, installing 4 qualifying GAF accessories — GAF starter strips, roof deck protection, ridge cap shingles, and either leak barrier or attic ventilation — in one roof system makes Timberline HDZ® shingles eligible for the WindProven™ Limited Wind Warranty.¹

Timberline HDZ® shingles also feature GAF time-release algae-fighting technology for long-lasting algae-fighting power, and come with a 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discolouration.²

Visit gaf.ca/LRS for qualifying GAF products.

LayerLock® Technology mechanically fuses the common bond between overlapping shingle layers. The added strength at the common bond powers the StrikeZone® — the industry's widest nailing area.

¹ 15-year WindProven™ Limited Wind Warranty on GAF shingles with LayerLock® Technology requires the use of GAF starter strips, roof deck protection, ridge cap shingles, and leak barrier or attic ventilation. See *GAF Roofing System Limited Warranty* for complete coverage and restrictions. Visit gaf.ca/LRS for qualifying GAF products. For installations not eligible for the *GAF WindProven™ Limited Wind Warranty*, see the *GAF Shingle & Accessory Limited Warranty*.

² 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discolouration is available only on products sold in packages bearing the StainGuard Plus™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

The GAF Lifetime+ Roofing System

Ridge Cap Shingles
Helps defend against leaks at the hips and ridges

Attic Ventilation
Helps reduce attic moisture and heat

Lifetime+ Shingles
Helps beautify and protect for years to come

Starter Strip Shingles
Helps guard against shingle blow-offs

Roof Deck Protection
Helps shield the roof deck from moisture infiltration

Leak Barrier
Helps prevent leaks caused by wind-driven rain and ice dams

Install any GAF Lifetime+ shingle and at least 3 qualifying GAF accessories and get a Lifetime+ Limited Warranty on your qualifying GAF products plus

non-prorated coverage for the first 10 years. For even stronger coverage, ask your GAF factory-certified contractor¹ about enhanced GAF warranties.

¹ Lifetime refers to the length of warranty coverage provided and means as long as the original individual owner(s) of a single-family detached residence [or eligible second owner(s)] owns the property where the qualifying GAF products are installed. For other owners/structures, Lifetime coverage is not applicable. Lifetime coverage on shingles requires the use of GAF Lifetime shingles only. See the *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions. Visit gaf.ca/LRS for qualifying GAF products. Lifetime coverage on shingles and accessories requires the use of any GAF Lifetime shingle and at least 3 qualifying GAF accessories. See the *GAF Roofing System Limited Warranty* for complete coverage and restrictions. For installations not eligible for the *GAF Roofing System Limited Warranty*, see the *GAF Shingle & Accessory Limited Warranty*. Visit gaf.ca/LRS for qualifying GAF products.

¹ Contractors enrolled in GAF certification programs are not employees or agents of GAF, and GAF does not control or otherwise supervise these independent businesses. Contractors may receive benefits, such as loyalty rewards points and discounts on marketing tools from GAF for participating in the program and offering GAF enhanced warranties, which require the use of a minimum amount of GAF products. Your dealings with a Contractor, and any services they provide to you, are subject to the *Contractor Terms of Use*. Visit gaf.com/gaf-contractor-terms-of-use for details.

Charcoal

Charcoal is the most neutral of shades and works wonderfully with blues, grays, whites, yellow, gold, sage, and green.

Pewter Gray

Pewter Gray can add a dramatic counterpoint to contemporary exterior colour palettes, as well as to stucco or brick facades.

Barkwood

The neutral brown Barkwood emulates wood and coordinates well with warm colours like beige, taupe, cream, gold, and yellow.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Canadian Driftwood

The organic brown of Canadian Driftwood includes a cool gray undertone and complements any earth tone.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Hickory

An inviting brown shade with a red undertone, Hickory is an excellent companion to brick and stone homes and works well with browns, beiges, yellows, and golds.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Shakewood

An appealing blend of browns, tans, and gold, warm radiant Shakewood pairs well with neutral beige, clay tones, and deeper jewel tones.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Weathered Wood

The perfect neutral colour, Weathered Wood complements a broad range of hues and works well with sage, cream, ivory, and beige.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Mission Brown

Emulating the rustic shades and tones of the earth, Mission Brown provides a simple natural backdrop that allows other colours to appear richer and brighter.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

Birchwood

A soft neutral gray with subtle tints, Birchwood flatters homes with clean lines and harmonizes with city or suburban environments.

Hunter Green

A rich colour with dramatic undertones, Hunter Green makes people take notice.

Slate

A cool gray with a beautiful green undertone, Slate coordinates with both grays and greens, as well as with white, cream, and ivory exteriors.

Note: It is difficult to reproduce the colour clarity and actual colour blends of these products. Before selecting your colour, please ask to see several full-size shingles.

³ Applies to product sold in Canada only.

TimberTex® and TimberCrest® Premium Ridge Cap Shingles

Hip and ridge cap shingles accentuate the natural beauty of your architectural shingle roof. They're the perfect finishing touch that helps defend against leaks at the hips and ridges. gaf.ca/ridgecaps

TimberTex® and TimberCrest® premium ridge cap shingles are designed to complement the colour of your Timberline® shingles. To ensure the closest colour consistency for your roof, ask your contractor to use genuine TimberTex® or TimberCrest® premium ridge cap shingles.¹

- Accentuate the beauty of your newly installed shingle roof
- Protect against leaks and blow-offs at the hip and ridge areas of your roof
- Complement the colour of your GAF shingles with hip and ridge cap shingles manufactured by GAF
- 25-year StainGuard Plus™ Algae Protection Limited Warranty² against blue-green algae discoloration, as GAF time-release algae-fighting technology helps protect your ridge cap shingles from unsightly stains

Also available¹

¹ These products are not available in all areas. See gaf.ca/ridgecapavailability for details.
² 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discoloration is available only on products sold in packages bearing the StainGuard Plus™ logo. See *GAF Shingle & Accessory Limited Warranty* for complete coverage and restrictions, and qualifying products.

North America's #1-selling roof just got better — again

GAF Timberline HDZ®
High Definition® Lifetime® Shingles

Now with a 25-year limited warranty against blue-green algae discolouration

In 2020, GAF introduced Timberline HDZ® shingles with LayerLock® Technology, which powers the industry's first infinite-speed wind warranty.¹

Now we're making our most popular shingle even better. With proprietary GAF time-release algae-fighting technology, it's protection so strong, it allows us to offer a 25-year StainGuard Plus™ Algae Protection Limited Warranty against blue-green algae discolouration on many of our most popular products.²
